Mr. Dan Blasch
American Thermoforming Machinery
4482 S. Peach Lake Road
West Branch Mi. 48661

Dear Dan,

I wanted to take time to let you know how pleased I am with the new thermoforming machine. I was reluctant in the beginning to be your first installation but I have no regrets now. The quality of the machine and the professionalism of your employees during the install is a credit to you. You produced the machine on time and fulfilled all of the promises you made to Tim and I during the selling process. Tim is very excited about his ability to now consistently make quality parts and react to the many changes in the plastic and the environment. We are gaining on our production goals everyday and I have no doubt that Tim will be able to meet the numbers I used to justify this piece of equipment. Please feel free to have potential customers of yours contact myself or Tim at anytime in the future. Best of luck and thanks for your efforts.

Sincerely,

Dan Oliver
President
